Custom Horse Hair Jewelry

Collecting Horse Hair

Cut a minimum of **14 inches for a bracelet** and a minimum of **10 inches for earrings**, although longer is better. **Cut several small locks** from the underside of

the tail to make a clump of hair about the width of your finger. Secure horse hair with a rubber band and place it in a bag. I will clean the hair before braiding. Mane hair can be used, but due to the extra work involved in braiding, will incur an additional \$20 fee.

Sizing

Wrap a seamstress measuring tape or piece of string around your wrist to measure your actual wrist size. Then hold the tape measure around your wrist as loose as you'd like the bracelet and record that size, as well.

Average women's bracelet: 7" – 7 1/4"

Average men's bracelet: 8 1/2" – 8 3/4"

Shipping

All products will be shipped USPS Priority Mail with insurance and a 7.50 shipping charge will be added to each order. Fed Ex or UPS can be requested; additional shipping charges will apply.
